Dear Parents & Guardians,

5/09/25

Welcome back! We hope you had a restful and enjoyable summer break. As we begin a new school year, we're excited to reconnect with our children and families and to embark on another year of learning, growth, and community. It has been lovely to hear all about children's summer adventures over the last few days.

This year promises to be full of opportunities, challenges, and memorable moments. Our staff have been working hard to prepare a safe, engaging, and supportive environment where every child can thrive. We look forward to partnering with you throughout the year. Your involvement and support make a huge difference in your child's education and in our school community.

Please keep an eye out for upcoming newsletters, events, and opportunities to get involved. If you have any questions or need assistance, don't hesitate to reach out.

Here's to a fantastic school year ahead!

Warm regards,
Mr Parkin

A Note on Class WhatsApp Groups

We understand that WhatsApp groups for each class can be a helpful and positive way for parents to stay connected and support one another. However, please be aware that these groups are not managed or monitored by the school. As such, we have no control over the content shared within them and cannot take responsibility for any messages posted.

For accurate and up-to-date information, please continue to rely on our official communication channels:

- Emails from the school
- The weekly newsletter
- Our official school social media pages

Thank you for your understanding and continued support.

Homework and online class updates

As you will know we have joined Harbour Schools Partnership trust last academic year. Part of that process has involved us migrating over from being a Google School to using Microsoft. This will affect children's home learning and this will now be accessed through Teams. As you can imagine, this takes a lot of organisation so please bare with us with the setting of homework and classroom pages. We hope to send home the new logins/passwords and further details very soon, however it should run much the same as before! Thank you for your understanding.
